

**RURAL WATER DISTRICT NO. 8
ROGERS COUNTY OKLAHOMA
CLAREMORE OKLAHOMA
918-341-4628**

DEQ Approved Septic System

The property located at _____ will have an DEQ approved waste water system upon completion of construction.

I realize that a final inspection must be performed by The Department of Environmental Quality (DEQ) on my waste water system and a copy of the approved final inspection of said system must be provided to Rural Water District No. 8.

Failure to comply with this policy may result in the discontinuance of water service until such time as this report is received in the Rural Water District No. 8 office.

Any meter installation where, by state law, a waste water system is not required (example: stock watering) will be considered exempt from the above policy until such time as the intended use of the installation changes.

I, _____, applicant for Benefit Unit # _____ in Rural Water District No. 8, Rogers County, Oklahoma, have read, understand and will comply with the District Policy concerning waste water disposal systems.
